Mike/Adam – were you aware of this, i.e. is there a 213RR for Harry and Dave and have asset tracker #'s been assigned? Timber aware?

Greg/Doretha – we need to show these folks as scheduled for arrival at Alpha

Derek – please note and adjust your housing spreadsheet as appropriate, pending actual arrival of course

Susan:

They should check in with me and Joe Davis and Doug Ferguson. We will put them on the IAP starting Monday. Do we know how long they will be here performing this function?

Eric Paisley will need to give us directions on how to get them set up in a trailer.

I will get Doug Ferguson to coordinate with Michelle Phillips on Friday to confirm but it appears that everything has already been confirmed for them meeting at the TCEQ Office between 7 – 7:30 am.

You guys need to provide them with the information below.

Thanks
